Microsoft Interview Experience | Set 58 (For Software Engineer)

- Last Updated : 28 Jul, 2015

Microsoft Interview for Software Engineer Hyderabad.

Round 1: (1 hr)

1. Given 3 sorted arrays. Find the common element of all the arrays in $O(N)$ time and no extra space. If there is none, return false.
2. Double linked list: 1 goes to the next node and 1 to the random node. Copy this list. Extra space can be used.

Round 2: (45 mins)

1. Power of a number (x^n) in $O(\log N)$ time
2. Given an array which has a duplicate except for 2 elements. Find them. We always have 2 such element.

Round 3: They said me a bye
