

Qualcomm Interview Experience | Set 19 (On-Campus)

- Difficulty Level : [Easy](#)
- Last Updated : 19 Jul, 2019

Round 1: Written Round

- Total Number of Questions : 60 Questions
- Total Time : 90 mins
- **Quantitative Aptitude Questions**
 - Questions : 20 Ques
 - Time : 30 mins
- **Programming MCQ Questions**
 - Questions : 20 Ques
 - Time : 30 mins
- **Technical Section Questions(Computer Science/Electronics)**
 - Questions : 20 Questions
 - Time : 30 mins

Questions in this round were very hard and the platform used by them was hirepro. However for me questions were repeated from PrepInsta Website's Qualcomm Dashboard but unfortunately, I didn't prepare well. So I was not selected to the next round. But I do remember some questions that my friends had gotten asked in the exam will share them below.

Round 2:

- Time complexity comparison of different search algorithms
- Explain project in detail.
- [Implementation of Queues using linked list.](#)
- Difference between single linked list and double linked list (in-depth analysis).

Round 3:

It was a basic HR round.
