Amazon Interview Experience | SDE-1 Bangalore

- Difficulty Level :\nMedium
- Last Updated :\n24 Feb, 2020

\xc2\xa0

Round 1:\xc2\xa0

They asked to write solutions for 2 different quesitons mainly

1. KMP Algorithm
2. Find mirror of a given node in Binary tree

Round 2:\xc2\xa0

This was a face2face round mainly involving problem solving and data structures.

1. Minimum insertions to form a palindrome
2. First Missing positive number in an array

Round 3:

This was again face2face round with 2 coding questions.

1. Nodes in Top View of Binary Tree
2. Minimum deletions required to make frequency of each letter unique

I got rejected after this round.
